## **New Klear Screen® Dual Micro Textured Antimicrobial Cleaning Cloth With Germ Fighting Action**

Booth #4129 LVCC North, January 10, 2012 —

Meridrew Enterprises is pleased to announce the release of our brand new ***Klear Screen KS-DMT***

***Antimicrobial Microfiber Cloth Combo***. The new

kit retails for \$9.95 and is designed for people

who own iPad, iPhone, Droid and all devices with

touch screen functionality. Recent studies have

found that touch screen devices are breeding

grounds for bacteria. John Younghein, President

and CEO of Meridrew Enterprises asked, “Does

your touch screen have iGerms? The DMT antimicrobial cloth included in the Klear Screen

DMT Kit will remove 99% of the germs from the surface helping to protect the user throughout

each days use.”

The Klear Screen cleaning system includes a Dual Micro Textured (DMT) cloth that is

manufactured with the same germ fighting technology contained in space suits used on the

NASA space shuttle. The antimicrobial properties of the DMT cloth last the life of the cloth.

This Klear Screen optical grade micro fiber cloth is created especially to clean precision optics and high performance displays without harm. Klear Screen suggests the tablet and smart phone user use the DMT cloth throughout the day to clean off the display, removing smudges and microbes.

The new Klear Screen DMT Kit includes one large DMT antimicrobial cloth, two travel size DMT antimicrobial cloths and two Klear Screen Travel Single pre-moistened wipes. The kit contains everything you need to clean all of your portable devices including smart phone, tablet, laptop computer, net book, or eReader. All Klear Screen micro fiber cloths are washable and can be used over and over again.

Klear Screen uses a proprietary anti-static solution that cleans, protects and preserves modern displays with every use. The Klear Screen fluid is made in our own plant in Northern California and is 100% non-toxic. Klear Screen safely removes dirt, dust, lint and fingerprints plus leaves the screen with an anti-static finish so you don't have to clean as often. Klear Screen is the most recommended cleaner for use on high performance oleophobic and hydrophobic-coated screens. The highly recommended, environmentally friendly, solution contains no alcohol or ammonia and is safe to use around children and pets.

Klear Screen is the original and most recommended cleaning solution since 1992.
